Fire Wood Sales

- BSA Troop 170 uses the wood lot as a fund raising activity. It supports the Aims and Methods of the Scouting Program. Through their participation, the Boy Scouts earn money for use in the purchase of Scouting related gear, payment for camps and other scouting activities.
- A **full cord** is a large amount of wood. A 'full' cord measures 4 ft. x 4 ft. x 8 ft. and is the official, standard firewood measure. It has a volume of 128 cubic feet.
 - It is not practical to sell 4 ft. long pieces of wood. The most common firewood piece length is 22 in.
 - We sell full 128 cubic foot cords, not face cords for our indoor wood sales.
 - Outdoor wood sales may be full cords or face cords depending on the length of the wood.

Indoor Wood Sales

For indoor wood sales, we sell only split, seasoned hardwood (mostly Oak, but may contain Pecan, Hickory, Mesquite, Ash, Maple, & Elm)

	<u>Pickup</u>	<u>Delivered</u>
1/8 cord	\$ 30	\$ 40 – normally do not deliver
1/4 cord	\$ 50	\$ 65
1/2 cord	\$ 90	\$110
1 cord	\$170	\$200

Outdoor Wood Sales

(Great for Chimineas, Fire Pits, Outdoor Fireplaces, Fire Bowls & Camping)

For outdoor wood sales, we sell split softwood and some hardwoods (may contain Pine, Cedar, Mulberry, Cypress and other local woods not suitable for burning indoors).

Note: Some of our outdoor wood is less that 22" in length and thus will be sold as a face cord.

Outdoor Wood Sales includes specialty seasoned Oak cut to the perfect size for Chimineas.

	<u>Pickup</u>	<u>Delivered</u>
